Christkindlmarkt

06. - 09.12.2019

Come with us and see the most beautiful Christmas markets in Central-Europe! Here we have a wonderful atmosphere and lots of good food to enjoy. The alpine folks love old traditions, music, culture and having fun. We bring you to the historic cities of Munich, Kufstein and Salzburg and let the Christmas feeling seduce you totally!

1. day. Friday

Welcome to Germany! We will pick you up at Munich Airport. This is already the first *Christkindlmarkt*, where we enjoy already our first *Glühwein*, hot red wine with some tasty Christmas spices. Sometimes called mulled wine in English.

If you feel hungry, a Bavarian „Bratwurst“, helps immediately. Now we move on to the Old City of Munich. There are lots of different Christmasmarkets and the most beautiful takes place at Marienplatz.

Around the market place there is the City Hall, the front is over 100 meters long. All the other old buildings give a perfect surrounding to the square, which now shines in its Christmas lightings. Here we enjoy our next *Glühwein* and some traditional gingerbread. We stroll through the market booths, admire the colourful decorations and smell the roasted almonds in the air.

We visit the oldest church in Munich, the “St. Old Peter”. It was found 1368. We climb up the old stone steps up to the tower. The view, which opens at the top is worth all the climbing! We also visit the famous “Our Lady’s Church”, which is visible in almost every postcard from Munich. Here we listen to a legend about the making of the church.

From here we go to the Christmas Village of Residence and further to the Medieval Market at the finish off by Odeonsplatz. Here life is like it used to be at formal times: heavy dresses, performances and handmade artisan products.

Now we head to our nightsquare, which is a Bavarian style, family owned *Gasthaus* in the countryside.

There we will have a real Bavarian dinner to enjoy!

2. day. Saturday

We enjoy a Bavarian breakfast from the buffet. Now we head towards the Alps! We arrive in the medieval city of Kufstein. We go up the castle on the top of the hill. Now at the Castle's Christkindelmarkt it is time for the first Glühwein of the day!

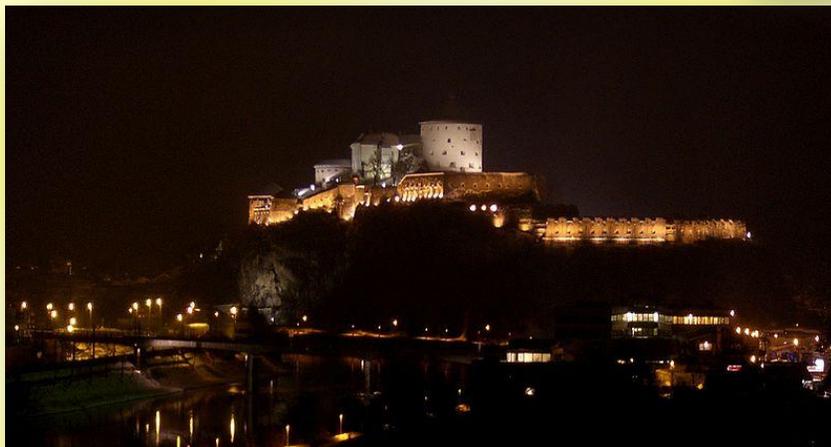

We stroll between the Christmas booths, where artisan products are offered and Christmas music echos from the thick walls. Here are the homemade herbal schnaps also popular. This is how a hundred years' old tradition is forwarded - to our health!

We continue down to the City Center Christmas market, which buzzes with Santa Clauses and wishing us Merry Christmas! If you haven't been good, there will be "Krampus" who may slap you with his broomstick! At the end Saint Nicolaus gives us his blessings.

After all this a hot Feuerzangen Bowle will make your blood circulate. You sure will like it!

In the evening we enjoy a Bavarian dinner. Drinking songs are allowed! We return to our Gasthaus.

3. day. Sunday

We start the day with breakfast at the Gasthaus.

Today we make a day tour to amazing Salzburg. Here the Christmas markets are to be found all over the city. At the market squares and at the narrow old streets you can hear Christmas songs all over and with Glühwein you find lots of Austrian delicacies to enjoy.

Salzburg is where Mozart was born and we enjoy Mozart's chocolate. It is even available as a liqueur! We hike up to the hill, where we have a breathtaking view over the whole city of Salzburg. We learn about the history of the Fortress and the city. We stop by the old Cathedral. Now we deserve our café break - which goes of course in a local café with a Wiener Melange and a Sacher-cake.

In the afternoon we see a traditional Krampus-Tanz in a small Bavarian village.

Later we return to our Gasthaus, where we have dinner.
